

IMPORTANT SAFETY INFORMATION

1. Before using, read user manual.
2. Do not charge and discharge the Power Pack at the same time.
3. Do not expose the Power bank to rain or moisture.
4. Disconnect from device when not in use.
5. Never use an extension cord or any attachment not recommended by manufacturer, otherwise this may result in a risk of fire, electric shock or injury to persons.
6. Do not operate the Power bank if it has been subjected to shock or damage.
7. Do not disassemble the Power bank. Incorrect reassemble may result in a risk of electric shock or fire.
8. Unplug the Power bank from any devices before attempting any maintenance of cleaning.
9. The appliance is not intended for used by young children or infirm persons without supervision. Young children should be supervised to ensure that they do not play with the appliance.
10. This Power Pack contains Lithium-ion battery inside, do not dispose the Power Pack into rubbish bin, contact your local council for disposal instructions.
11. When using Type C PD port to charge devices we recommend to use original Type C cable provided with the device.
12. The Power bank has dual Quick Charge™ USB A output ports, when user is simultaneously using both ports for Quick charge function the total power output will be capped to 20W / 5V.
13. In order to fast charge the power bank itself need to use compatible QC2.0/3.0 charger (via Micro B input) or 18W+ Type C charger with Power Delivery (via USB-C input). Chargers are not supplied with the Power bank.
14. To preserve lifespan recharge Power bank every 4 months.

PRODUCT FEATURES

- Ultra high capacity power bank with Power Delivery and Quick Charge™ function.
- Charge latest tablets, smartphones, game consoles and more.
- USB-C Power Delivery will deliver power delivery support at 18W to compatible devices.
- Dual Quick Charge™ 3.0 outputs will charge compatible smartphones and tablets 4 times faster.
- High speed Micro USB (QC2.0) and USB-C (Power Delivery) inputs will allow full recharge overnight with suitable power source.

BOX CONTENTS

- 1 x USB Portable Power Bank
- 1 x 50cm Micro USB to USB-A Data cable
- 1 x 50cm Type C to USB-A Cable
- 1 x User Manual

USB DEVICE CHARGING

- Note:** The power bank has 8 LED indicators, each indicating 12.5% of battery capacity. While charging a device the number of LED indicators remaining illuminated solid would indicate the capacity of the power bank.
e.g. if 6 LED indicators are solid would imply power bank has 75% of juice left.
1. The power bank has two Quick Charge™ 3.0 USB-A ports and single Type-C with Power delivery port. Based on your device recommended charging instructions use appropriate port to charge. All three ports can be used simultaneously.
 2. The device will begin charging with the LED indicator light illuminating, as stated above.

POWER BANK CHARGING

- Note:** When charging the Power Bank, the number of LED indicators remaining solid would indicate the charge capacity.
e.g. if 4 LED indicators are solid and 1 is blinking would imply the power banks has completed 50% charge and current capacity is between 51~62.5%.
1. The power bank has two input ports: Micro-USB and Type-C. Using appropriate charging cable connect to a power source like wall charger, car charger, computer etc. and the charging process will start.
 2. The Mobile Power Bank will begin charging with the LED indicator light illuminating, as stated above.

SPECIFICATIONS

Battery Type:	Lithium-ion
Capacity:	20,000mAh
Input:	
Micro USB:	5V,2.4A / 9V,2A / 12V,1.5A (QC2.0)
Type-C USB:	5V,3A / 9V,2A / 12V,1.5A (PD 18W max.)
Output:	
USB Port A1:	3.6-6.5V,3A / 6.5-9V,2A / 9-12V,1.5A (Quick Charge™ 3.0)
USB Port A2:	3.6-6.5V,3A / 6.5-9V,2A / 9-12V,1.5A (Quick Charge™ 3.0)
Type-C USB:	5V,3A / 9V,2A / 12V,1.5A (PD 18W max.)
Colour:	Black (Aluminium Case)
Dimensions:	177(L) x 81(W) x 23(D)
Weight:	571g
