Installation:

①

Open the dust proof cover of the light fitting

③

Align the snap ring to install the LED light and place the wire inside

⑤

Rotate the LED light gently inside when installing the fan

⑦

After it is installed correctly, you are now able to drive.

②

Take out the existing halogen lamp after unlocking it

④

Place the dust cover over the fitting to avoid water getting inside

⑥

Connect the LED light, fan and the ballast wires together. Place the ballast near the LED light. Note: position may differ depending on the model of the car
